Information to be provided and discussion on:

1. Status of state regulations and timing
2. What we know about status of Michigan communities who have “opted in”
3. Law enforcement implications
4. Transition of recommended zoning districts in the ad hoc committee report to the districts in the proposed new zoning ordinance
5. Any additional information/research you need before you begin discussion on direction for drafting?
6. Review/discussion of the ad hoc committee recommendations
 - a) Allow all 5 types of facilities?
 - b) Comprehensive regulations as part of the special use permit process?
 - Staff will provide listing of potential items/issues to consider for regulation. Will be looking for general agreement on desired regulation.
 - c) Limits on proximity?
 - Distance from K-12 schools
 - Distance from CMU
 - Distance from daycares

- Distance from churches
 - Distance from residential
 - Distance to a like facility
 - Separation from any other type of facility?
- d) Discussion regarding number of facilities allowed?
- For each of the 5 types
 - If a specific number is chosen how to decide who gets licensed if more than that number are interested/apply?
- e) Allow all 5 types of facilities in industrial?
- f) Allow provisioning centers in commercial zones?
- Based on proposed new zoning districts what areas within a CD4 or CD5 are you interested in?
 - Do you want input from the Planning Commission?
- g) An application fee and a licensing fee?
- h) Next steps

Please note that 60 minutes is likely not enough time to get through everything and it is to be expected that an additional work session on this topic may be necessary.
