

“Mission: ReVision”
Mission Street Corridor
Design Study

Recommendations of Final Presentation to the Mission-Pickard DDA
May 14, 2008

- The DDA should consider creating and funding a **Façade Improvement Program**.
- The DDA should consider creating and funding a **Landscape Improvement Program**.
- The DDA should continue and expand its **Vehicular Access Management Efforts**.
- The DDA should consider creating and funding a **Pedestrian and Bicycle Access Management Program**.
- The DDA should continue and expand its **Streetscape Improvement Efforts**.

- The Zoning Ordinance should be revised concerning the following areas:
 - **Parking** - Quantity and Quality.
 - Creating **Sub-Districts**.
 - Requiring more **Pedestrian and Bicycle Access**.
 - **Building Heights**.
 - Encouraging **Mixed-Use Buildings**.
 - Creating more opportunities for **residential on and nearby Mission Street**.

- Other Recommendations:
 - Work with CMU to create a **Greater University Presence** on Mission Street.
 - Work with CMU to create **Better Connections and Access** between Campus and Mission Street.
 - Work with MDOT to create a **Better Designed Mission Street**.
 - Work to create a **Better Designed Streetscape** on Mission Street.
 - Work to create a **Better Business Environment** on Mission Street.
