

City of Mt. Pleasant Parks Department

Guidelines for “Run / Walk” Events Utilizing the GKB Trail System

- 1) Follow the City Of Mt. Pleasant Special Event Application Process
- 2) Follow the City Of Mt. Pleasant Parks and Recreation Facility Rental Process
- 3) Follow the City of Mt. Pleasant Parks and Recreation guide for events:

Trail marking:

Temporary and portable sign materials only.

- Stand-alone signs such as cardboard, wood or laminate attached to a metal, plastic or wooden stake. Driven into soft ground off the trail surface.
- May not be attached to any Park structure, fence, building, trash receptacle, sign post or barrier, including trees and other plants.
- May not use: paint, marker, chalk, flour, dye or colorant to mark directional messages on any Park surface.

Event accessories:

- Watering stations, worker stations and any type of illumination (glow stick or flashlight) materials must be cleaned up at the close of the event.
- Trash may be placed in Park receptacles along the route. Arrangements can be made for additional receptacles, as needed.

Trail Access:

- Motorized vehicles are **NOT** allowed to be operated on any Park trail, path or property.

Routes:

- Must be planned so as not to disrupt other Park events or facilities, disrupt traffic or interfere with access to other Park facilities.
- Should be appropriate for the location, i.e. adequate parking or interfering/altering the typical intended use of a Park.
- Will utilize existing Park trails and paths. Will not alter any natural or placed Park feature to create new routes.

Additional fees may be incurred for any repairs or clean-up performed by City Park staff after an event.
