

Mt. Pleasant, Michigan

Meet here. Community rebrand

Meet here is a movement, created by the community and fueled by local pride.

This project initially began with the City of Mt. Pleasant and the Mt. Pleasant Area Convention and Visitors Bureau working on their separate rebrand projects. Both entities had the foresight to combine efforts and invite other partners to become involved, creating a campaign which encompasses the entire community. The other rebrand partners involved in this process included, Michigan Economic Development Corporation, Charter Township of Union, Middle Michigan Development Corporation and Mid Michigan College.

The goals for this project were as follows:

-Identifying and owning our community's sense of place.

-A consistent message the entire community is committed to telling.

-Making an impact inside and outside our community.

-Develop an enduring brand strategy; resulting in new growth opportunities.

Numerous members of the Mt. Pleasant community answered the call to action, and shared their thoughts and insights regarding what our community currently has to offer, and what should be the hopes for the future. This was accomplished through a series of focus groups, interviews and a Town Hall Meeting.

Information obtained through these collection methods was analyzed and ultimately developed into a strategic initiative designed to boost tourism, economic development and community spirit.
