FOR IMMEDIATE RELEASE

May 16, 2017

Intersection at Washington and Michigan to become four-way stop

MT. PLEASANT, Mich. - To improve safety for both pedestrians and motorists, the intersection at Washington and Michigan streets will be converted from a two-way stop to a four-way stop on Wednesday, May 17.

The conversion was recommended by the Michigan Department of Transportation (MDOT) following a safety review of the City's local road system, conducted through MDOT's Local Safety Initiative program. The recommendation was considered and approved by the City's Traffic Control Committee.

Community members are urged to use extra caution at the intersection as drivers and pedestrians become accustomed to the new four-way stop.
